

Hello. This is not a regular Ciel Scans release. It is merely a manga which I think is very funny and deserves some attention by scanlation groups.

We are looking for a group who wants to do a joint with us on this manga and handle the editing part, or alternatively **experienced cleaners and typesetters who want to help us out with it.**

If we don't find anyone interested we will **NOT release another chapter of this manga, as our capacities are already extremely limited.**

If you like this manga and want to help us out, please send an email to cielscans@gmail.com

Thanks!
